### Requirement Changes/Enhancements

1. Remove the box at the top of the Store Locator with the major retailers.
2. Remove the query for both "sells online" and "Mail Order" - Make the default for both of these YES (without giving people the option to choose).
3. Replace the list of Products with the attached (see CR 24098). Updated on this wireframe.
4. Change the "Locate Stores" button to say "Search"
5. Remove Radio Shack from the list of "Storefronts" also (and keep all the other big retailer storefronts out of the search)
6. For Water Heaters include search on all 4 types of water heaters.
7. For Light Bulbs include a search on CFLs and ILLs.
8. For Light Fixtures include a search on SSIs and RLFs.
